### Hobby Self Scoring

Please complete this section yourself and leave it with your army during the lunch break on day one. Please check/tick all boxes that apply to your army. Each box is worth the points specified, with a maximum self-score of 30 points. The judges will be spot-checking scores to make sure you've been honest.

Self Check List for 30 Points	Points	Check
All models in the army have been assembled.	4	
All models in the army are painted to a basic three-color standard.	6	
The paint scheme is consistent across the whole army.	4	
All models have been based with a type of texture (e.g sand, flock, static grass).	2	
The basing scheme is consistent across the entire army.	2	
Examples of advanced basing in the army (e.g. cork, tufts, water effects).	2	
Examples of basic shading in the army (e.g washes, dry-brushing).	2	
Example of minor conversions in the army (e.g. head swaps, weapon swaps).	2
